April 26 Meeting

Our guest this morning was Daelynn Eatman, Dana's daughter. Daelynn is in 9th grade and has a bright future ahead as a Key Club member.

Dana gave an update of the "group of 10"...10 high school students who have very difficult lives right now but want to get their diplomas. Some are self-supporting, and most are not getting their basic needs met. Teacher Donna Hix is coordinating some help for them. For example, the kids have never been to a Japanese restaurant so teachers are digging into their own wallets to sponsor an outing. The club voted to donate \$100 to the cause...and several members "adopted" a kid to help out.

DarbyAnn says Key Club is keeping busy. They will have a senior honors get-together on May 11. Past president Brandon attended

the first Centennial 2025 meeting at City Hall. Key Club will help at the 5K Kolor Run this Saturday.

Patricia and Carlton have things well organized for the Kolor Run...with job assignments. They will be at Genesis Friday, 4-6PM, to take applications and answer questions. Set up starts at 6AM Saturday morning....workers should be there 6:30-7:00 AM.

Nell says Facebook presence of the Kolor Run has been very good...with 292 new “looks”. She has been boosting the FB posts. There is a lot of interest in the run “on the street”!

Darby Ann represented the club at the kickoff meeting of the Keystone Centennial 2025 committee this week. Steve represents the City Council and is temporary chairman.

New member Debbie won the Bear drawing....but that’s where newcomers luck stopped..she drew the 9 of hearts. Nell says: “The bear gets fatter”!

DarbyAnn announced the slate of candidates for club office. Our bylaws say we announce the slate at two meetings...then vote.

Here they be...

Past President (and automatic Board member). DarbyAnn

President. Tina

President-elect. Patricia

Treasurer. Mary Ann

Secretary. Rebeca

Chris Carson's Corner

Chris says these stinkers deserve a rim shot ...and the authors should be:

- Why do cows wear bells?
Because their horns don't work.
- What do you call a fake noodle?
An Im-pasta!

- How do you stop moles digging in your garden?
Hide the spade.
- How many tickles does it take to make an octopus laugh?
Ten-tickles!
- What did the traffic light say to the car?
Don't look! I'm about to change.
- How do snails fight?
They slug it out.
- Why did the jaguar eat the tightrope walker?
It was craving a well-balanced meal.
- Why did the bicycle fall over?
Because it was two tired.
- What did the triangle say to the circle?
You're pointless.
- Why do seagulls fly over the sea?
Because if they flew over the bay they'd be called bagels.
- Why don't you ever see a hippopotamus hiding in a tree?
Because they're really good at it!
